

Entry level analytical balance with compact housing and internal adjustment

Features

- Very fast display: steady weight values within 3 s
- KERN AXE: Automatic internal adjustment, guarantees high degree of accuracy and makes the balance independent of its location of use
- KERN AXS: Adjusting program CAL for quick setting of the balance accuracy using an external test weight at an additional price
- Simple and convenient 5-key operation
- Large glass draught shield, standard, weighing space W×D×H 175×150×205 mm

Technical data

- Large backlit LCD display, digit height 16 mm
- Dimensions weighing surface, stainless steel, ø 80 mm
- Permissible ambient temperature 15 °C/25 °C

Main scope of applications

- Jewellery industry
- Quality laboratories
- Schools and universities
